4. Introduction

ACT Policing Operations is the primary conduit for the ACT Community to make requests for police assistance providing “supportive first contact” and coordinates response to requests according to the Priority Response Model (PRM) as defined in the ACT Purchase Agreement.

Provision of first contact with the ACT community results in a significant number of ‘nuisance’ or ‘hoax’ calls received by members within ACT Policing Operations.

The purpose of this SOP is to provide an appropriate response protocol to assist members when responding to ‘nuisance’ or ‘hoax’ call incidents.

5. Activation of Communication Template

Section 6 and 7 of this SOP contains a communication template to be utilised by members of ACT Policing operations in response to nuisance or hoax calls to 000, 131444 or other ACT Policing operations contact numbers.

Activation of these templates will be based on each call taker's judgement with key considerations prior to use including, but not limited to matters such as the welfare of the caller, our responsibilities to protect life and property and the delivery of supportive and professional customer service.

Once a member has determined that:

- a call is a nuisance or hoax call; and
- it does not appear there is an emergency or other requirement for police assistance; the member will proceed to utilise the appropriate templates as defined in Sections 6 and 7.
Members will respond to all callers, including nuisance or hoax callers, in a calm, professional and reasonable manner ensuring they read through the template (refer Sections 6 and 7) and provide an opportunity for the caller to respond. Members will not engage nuisance or hoax callers in unnecessary conversation.

6. Protocol template for ‘nuisance’ or ‘hoax’ calls to 000
